Promoting Health
Treating Illness
Supporting Recovery

FY2012

We provide excellent care in a safe and respectful environment to promote hope and quality of life for individuals with severe and persistent mental illness. Our vision is to enhance patient recovery through dedicated service, family and community networking, collaborative research efforts, and maximizing evidence-based treatment practices.

ACCREDITATION

Utah State Hospital has received accreditation from The Joint Commission (TJC, formerly referred to as JCAHO). TJC accreditation means Utah State Hospital has achieved national standards in the delivery of mental health care services. The voluntary evaluation is conducted every three years with yearly periodic performance reviews.

SOME OF OUR SERVICES

- 24-hour inpatient care
